HEDGE INVEST INTERNATIONAL FUNDS plc

BACKGROUND

Hedge Invest International Funds plc (the “Company”) is an open-ended investment company incorporated in Ireland on 10 June 2010 with variable capital organised under the laws of Ireland pursuant to the Companies Act 2014, the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended) (the “UCITS Regulations”), the Central Bank (Supervision and Enforcement) Act 2013 (Section 48 (1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (as amended) (the “Central Bank UCITS Regulations”) and with registration number 485407. Hedge Invest SGR P.A. was the promoter of the Company as at year ended 30 June 2023.

The Company is structured as an umbrella fund in that different funds (each a “Fund”, collectively the “Funds”) thereof may be established with the prior approval of the Central Bank of Ireland (the “Central Bank”) in accordance with the Central Bank UCITS Regulations. In addition, each Fund may have more than one share class allocated to it. The shares of each class allocated to a Fund will rank pari passu with each other in all respects except as to all or any of the following:

- currency of denomination of the class;
- currency hedging;
- dividend policy;
- the level of fees and expenses to be charged; and
- the minimum subscription, minimum additional subscription, minimum holding and minimum redemption applicable.

The assets of each Fund are separate from one another and are invested in accordance with the investment objectives, policies and restrictions applicable to each such Fund. The share capital of each Fund shall at all times equal its Net Asset Value (“NAV”).

There were three Funds in operation at 30 June 2023 (2022: four funds) comprising the HI Numen Credit Fund, HI European Market Neutral Fund and HI CIFIC Sustainable Global Bond Fund. HI BennBridge EM Absolute Return Fund was fully redeemed on 23 September 2022.

HI Smart Portfolio was fully redeemed on 24 June 2022 and subsequently an application was made to the Central Bank in respect of revocation of the Fund's authorisation. The revocation of the Fund was approved by the Central Bank on 14 July 2023.

HI BennBridge EM Absolute Return Fund continues to hold certain assets, two Russian instruments under sanction and one Canadian asset, that are currently being fair valued at zero. Until such assets can be traded or transferred, confirmation of final disbursement to investors cannot be issued thus the timing of the Fund's revocation is uncertain.

HEDGE INVEST INTERNATIONAL FUNDS plc

INVESTMENT MANAGER'S REPORT

HI Numen Credit Fund

The Fund's investment objective is to generate absolute total rates of return generally in the credit market regardless of economic and market conditions including the level of defaults experienced in the credit market and the general direction of interest rates. The Fund seeks to achieve its investment objective primarily through investment in credit instruments listed or traded on Regulated Markets globally.

Performance Review

The HI Numen Credit Fund EUR I share class decreased by 2.69% on a net basis from start of July 2022 to the end of June 2023. The EUR I class is used for representative purposes.

Other	0.0%	0.1%

Performance review

The Fund lost 2.69% in the 12 months to June 2023. The main positive contributors of performance have been 1) LT2 bonds of Monte Paschi +6.7%; 2) Twitter stock +2%; 3) Telecom Italia stock +1.7%; 4) Credit Suisse Holco Snr bonds +1.6%; 5) Corre Energy 1.5%; 6) Trading on 5 and 10y bund futures +1.5%. The main negative drivers of performance have been 1) Oi Brazil -8.3%; 2) short on US equity indexes -2.1%; 3) Arrival convertibles -1.4%; 4) Rogers Corp -1.4%; 5) Short on BTP futures -1.2%. Return by strategy was very positive for financial, mainly driven by Monte and Credit Suisse, gains were offset by corporates, that was dragged down by losses in Oi Brazil (bonds currently market at 7), and macro strategies, mainly driven by short positions added toward the end of the second quarter of 2023.

INVESTMENT MANAGER'S REPORT (continued)

HI Numen Credit Fund (continued)

Market views & Outlook

Risky assets had an impressive performance since the lows in 2022, recovering almost all losses, despite many indicators pointing to uncertain to negative outlook for the next 12 months. We expect to see a significant correction in the next few months, potentially driven by a negative earnings season, a slowdown of macro data post summer, or another systemic accident as it happened with UK gilts, US banks, Credit Suisse. Other potential risks we are monitoring are the China slowdown and UK rates potentially driving another accident locally. We are concentrating our short book on UK assets, on some European cyclicals that are suffering from a structural issue with gas prices still very high and collapsing demand, and on incredibly highly valued US tech, which we think are vulnerable to a slowdown despite being priced for perfection. On the other side of the book we have built, and tactically continue to add to longs in 1) Ukraine as we expect the beginning of peace talk in the next few quarters, before the beginning of the US election campaign 2) Argentina, where our expectation is for a political and economic turnaround happening in the next 6 to 12 months 3) high quality long duration bonds trading at distressed prices, i.e. low cash price 50+ year maturity government bonds trading in the 50s, with huge convex upside in a global slowdown, providing carry with relatively limited downside (with curves inverting, super long term rates are becoming more anchored). If we are wrong and inflation proves more persistent, reaccelerating after the summer period, we will continue to add to this trade, as we think the current global system is too levered to absorb much higher rates for a prolonged period of time.

We maintain exposure to a few special situations in the utilities and telecom sector, with short term catalysts: Dish (refinancing), Telecom Italia (KKR offer), Oi Brazil (restructuring), Corre Energy (potential M&A), and starting to monitor Thames Water (potential restructuring / recapitalization story).

HI European Market Neutral Fund

The investment objective of the Fund is to achieve long-term capital growth. The Fund will seek to achieve the investment objective by investing primarily in equities listed on Regulated Markets in Europe with a fundamental approach.

Performance review

The HI European Market Neutral Fund EUR FOF share class increased by 0.09% on a net basis from the start of July 2022 to the end of June 2023. The EUR FOF class is used for representative purposes.

30/06/2023	116.14	-1.38%	81,372,881.95

Exposure

The gross exposure remained in a region of 100% with a very low net exposure during the period, considering the volatile macro context.

Performance review

This was a solid period for the Fund in volatile and rapidly changing markets. Overall our main performance winners were those stocks exposed to the UK consumer where the combination of a resilient purse buyer and valuations that were pricing in a deep recession meant we enjoyed some significant long winners in Next and M&S on the UK High St. Whitbread and Jet2 benefited from the pent up demand for travel after the pandemic. Howden Joinery, a maker of kitchens, has been one of the few bigger ticket consumer plays that has done well. In a balanced portfolio we also gave some back in the short book on that latter theme with the prime detractor being cruise operator Carnival where the distressed balance sheet has not scared investors off from the recovery prospects for the second half of 2023. Back on the High St we were the wrong side of a partial stock market rehabilitation and aggressive buyback at Frasers Group. The travel recovery has also driven demand for aerospace stocks and Melrose was a geared play into this as it demerged its non aerospace assets and created significant value for holders.

Other long winners for us in the period included Stellantis where their broad electric vehicle offer gave them a head start from a very low valuation base as auto industry volumes recovered after the supply chain squeeze of 2021. We also traded payments provider Adyen well after the global sell-off in technology and growth left this stable and profitable business looking undervalued. Our alpha shorts made a very useful contribution led by Keywords, where we were early onto the theory that AI might negatively impact the value and demand of the outsourced services they offer to games developers. This short helped to offset the poor performance of Future, an integrated media business we were long where AI is seen as a threat to their 'expert' consumer websites. Elsewhere in the gaming sector we had a successful short in Frontier Developments; here our close analysis of player data suggested that their new launches were underperforming. ITM Power had a second year of unwind from a highly valued environmental technology play to a business with a big cash pile but little else.

INVESTMENT MANAGER'S REPORT (continued)

HI European Market Neutral Fund (continued)

Market views and outlook

Market have been entirely driven by macroeconomic factors and the picture here has been more confusion than usual. While in the US, and to some degree the EU, investors seem to be starting to look through peak rates to recovery cycle in the UK there is probably more short term focus on how much further rates might rise. Industrials cyclicals have largely managed to push a slowdown into the long grass in the first half but the second half weighting for most corporate earnings does now look more vulnerable. In the UK government intervention to stimulate the domestic market is something we are mindful of, it may prove to be a technical factor that pushes some macro concerns to the side given the value on offer and duller recent performance of UK indices. Our breadth of returns from both tactical shorter term trading and finding long term alpha over the last year leaves us well placed to continue to deliver in the majority of market conditions.

INVESTMENT MANAGER'S REPORT (continued)

HI CIFC SUSTAINABLE GLOBAL BOND FUND

The investment objective of the Fund is to generate long-term risk-adjusted returns. The Fund seeks to achieve its investment objective investing with a long only approach primarily in fixed and floating Investment Grade and Non-Investment Grade Debt Securities including corporate and sovereign bonds (including "green" bonds and sustainability-linked bonds) of issuers mainly in the U.S. and Europe.

Performance Review

The HI CIFC Sustainable Global Bond Fund EUR FOF share class decreased by 1.00% on a net basis from the start of July 2022 to the end of June 2023. The EUR FOF class is used for representative purposes.

HI CIFC Sustainable Global Bond Fund - Class EUR FOF

30/11/2022	90.85	1.21%	8,069,312.92
30/12/2022	89.99	-0.78%	7,390,838.06
31/01/2023	91.82	2.03%	7,446,219.13
28/02/2023	89.99	-2.20%	8,132,904.17
31/03/2023	90.93	1.24%	7,347,466.98
28/04/2023	90.86	1.18%	7,339,490.00
31/05/2023	89.88	-0.83%	7,202,570.12
30/06/2023	89.98	0.11%	6,997,870.93

Exposure

The gross exposure of the Fund as of 30 June 2023 was 95.3%, based on a total AUM of €6.99 MM at the time.

The allocation to "green" bonds and sustainability-like bonds was 31.2% of the underlying asset allocation above the required minimum 30% level. Such bonds are issued to promote environmental or social targets, or a combination of both.

Performance Review

HI CIFC Sustainable Global Bond Fund decreased by 1.00% from the start of July 2022 to the end of June 2023. This compared to increases of 8.88% for the BofA Merrill Lynch US Cash Pay High Yield Index and 8.83% for the ICE BofA Euro High Yield Index over the same period.

We believe the Fund underperformed its benchmarks due its conservative positioning to protect capital. This included high cash positions and short-dated government bills (44% of AUM as per 30 June 2023; 2% as per 31 December 2022) and higher quality bonds in stable sectors (such as services and TMT). The market tightened especially in the first weeks of January 2023, as indices increased by 3.88% and 3.21% respectively in the month, on the back of positive macro-economic data well above expectations, whilst new issuance remained subdued.

The portfolio duration was limited (3.6 average as per 30 June 2023 vs. indices 4.5 and 3.4 respectively). The Fund held approximately 85-90% in U.S. and 10-15% in European high yield in the second half of 2022, slightly over allocating to the U.S. It increased the European share in the first half of 2023 (31% of total AUM as per 30 June 2023) to benefit from the strengthening macro-economic environment, idiosyncratic opportunities and to reduce hedging expenses.

HEDGE INVEST INTERNATIONAL FUNDS plc

DIRECTORS' REPORT

The Directors present their report together with the audited financial statements of the Company for the year ended 30 June 2023.

Review of principal activities and future developments

The Company was approved by the Central Bank on 30 May 2010, incorporated on 10 June 2010 and commenced operations on 10 June 2011. The results of operations for the year ended 30 June 2023 are set out in the Statement of Comprehensive Income on page 22.

The HI Numen Credit Fund launched on 10 June 2011. The Fund is registered in Germany, Italy, Luxembourg, Spain, Switzerland and the United Kingdom. The Fund is also registered in Singapore as a Foreign Restricted Scheme and in Bahamas as a Non-Bahamas Based Investment Fund. The Fund is also marketed in Hong Kong via local private placement.

The HI European Market Neutral Fund launched on 31 October 2012. The Fund is registered in France, Germany, Italy, Luxembourg, Spain, Switzerland and the United Kingdom.

The HI CIFC Sustainable Global Bond Fund launched on 22 November 2013. The Fund is registered in Italy, Luxembourg, Spain, Switzerland and the United Kingdom.

The HI BennBridge EM Absolute Return Fund launched on 6 March 2015 and was fully redeemed on 23 September 2022.

The business and future developments are reviewed in detail in the Investment Manager's Report on page 4.

Distribution

The Funds may issue redeemable class of shares which are either Accumulating classes or Distributing classes. The income and gains attributable to the Accumulating classes in the Fund will not be distributed and will be reflected in the net asset value per share. Where any Distributing classes are issued, the Directors may declare distributions semi-annually each year to the shareholders of such classes out of the net income of the Fund attributable to the Distributing classes, in accordance with the terms of the Prospectus. The distribution details are disclosed in note 20.

Accounting Records

The measures taken by the Directors to secure compliance with the Company's obligation to keep adequate accounting records are the use of appropriate systems and procedures. In this regard, J.P. Morgan Administration Services (Ireland) Limited have been appointed for the purpose of maintaining adequate accounting records. Accordingly, the accounting records are kept at 200 Capital Dock, 79 Sir John Rogerson's Quay, Dublin 2, D02 RK57, Ireland.

Directors

The Directors of the Company are as follows:

David McGeough (Irish resident)
John Skelly (Irish resident)
Francesco Rovati (Italian resident)
Alessandra Curnis (Italian resident)

Directors' Interests

None of Directors, except Francesco Rovati, or the Company Secretary held shares in the Company at any time during the year.

Francesco Rovati, together with his wife, owns 185.43 shares (2022: 185.43 shares) of EUR M class in HI European Market Neutral Fund. The percentage of holding is 0.01% of the Company.

Mr. John Skelly, Director of the Company, is a Principal of Carne Global Financial Services Limited, the parent Company of Carne Global Fund Managers (Ireland) Limited (the "Manager"). Carne Global Financial Services Limited provide other governance related services to the Company.

Francesco Rovati, a Non-Executive Director of the Company, is a director of Hedge Invest SGR P.A., the Promoter and Investment Manager.

Alessandra Curnis, a Non-Executive Director of the Company, is an employee of Hedge Invest SGR P.A., the Promoter and Investment Manager.

HEDGE INVEST INTERNATIONAL FUNDS plc

DIRECTORS' REPORT (continued)

Independent Auditor

The Company's Independent Auditor, KPMG, have indicated their willingness to continue in office in accordance with Section 383(2) of the Companies Act, 2014.

Corporate Governance

The Board of Directors has assessed the measures included in the voluntary Corporate Governance Code for Investment Funds and Management Companies as published by Irish Funds in December 2011 (the "IF Code"). The Board has adopted all corporate governance practices and procedures in the IF Code and continued to comply with the requirements of the IF Code for the year ended 30 June 2023.

Audit Committee

The Company has elected not to put an audit committee in place for the Company for the following reasons:

- (a) the nature, scale and complexity of the Company;
- (b) the internal control and risk management systems relating to the financial reporting process already in place at the Company; and
- (c) the resources available to the Company and the resources and expertise of the various third parties engaged to support the Company.

Significant events during the year

In July 2022, compensation of €108,642 was received by the Company from J.P. Morgan Administration Services (Ireland) Limited and a further €21,350 compensation was paid to investors directly by J.P. Morgan Administration Services (Ireland) Limited, following agreement between all parties of amounts due. The compensation of €108,642 comprised of compensation of €39,824 paid to investors by way of units adjustment and the remaining €68,818 has been included in the net returns to the investors reflected within the Statement of Comprehensive Income. This was in relation to administrative errors that occurred in the calculation of the NAV of HI Numen Credit Fund during previous financial periods.

On 23 September 2022, HI Bennbridge EM Absolute Return Fund was fully redeemed, an application has not yet been made to the Central Bank in respect of revocation of Fund's authorisation as the Fund continues to hold certain assets, two Russian instruments under sanction and one Canadian asset, that are currently being fair valued at zero. Until such assets can be traded or transferred, confirmation of final disbursement to investors cannot be issued, thus the timing of the Fund's revocation is uncertain.

Effective 26 October 2022, EUR I2 Shares were launched for HI European Market Neutral Fund.

Effective 2 November 2022, a new Supplement was issued for HI European Market Neutral Fund as the GBP DM2 Dist Shares was added to the list of share classes.

Effective 1 December 2022, a new Supplement was issued for HI CIFC Sustainable Global Bond Fund as the template pre-contractual disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 was added to the document.

Effective 5 December 2022, the Sub-Investment Manager for HI European Market Neutral Fund changed from BennBridge Ltd. to Tellworth Investments LLP.

Effective 6 December 2022, GBP DM2 Dist Shares were launched for HI European Market Neutral Fund.

Effective 4 January 2023, a new Supplement was issued for HI Numen Credit Fund to reflect the removal of non-hurdle share classes which include SEK D Shares, SEK DM2 Shares, SEK I2 Shares, NOK D Shares, NOK DM2 Shares and NOK I2 Shares.

Events arising in Ukraine, as a result of military action being undertaken by Russia in Ukraine, may impact on securities related to companies domiciled in Russia and/or listed on exchanges located in Russia, including the Moscow Exchange ("Russian Securities"). None of the Funds have exposure to Russian Securities, other than HI BennBridge EM Absolute Return Fund (which has exposure to Russian Securities whose market value was EUR 236,129 as at 31 December 2021 and subsequently written down to zero). The Directors are monitoring developments related to this military action, including current and potential future interventions of foreign governments and economic sanctions against Russia, in order to assess any further impact on the Russian Securities held by the Funds, including their potential impact on the liquidity of Russian Securities.

There were no other significant events during the year.

HEDGE INVEST INTERNATIONAL FUNDS plc

DIRECTORS' REPORT (continued)

Subsequent events

HI Smart Portfolio was fully redeemed on 24 June 2022 and an application for revocation of authorisation has been approved by the Central Bank on 14 July 2023.

Effective 21 August 2023, there was a change in the composition of the Board of Directors. Francesco Rovati resigned from his role and Antonello Balzaretto was appointed as the new Non-Executive Director of the Company.

HI European Market Neutral Fund had two large redemptions of EUR 9,411,185 and EUR 10,807,063 on 2 August 2023 and 9 August 2023 respectively.

There were no other subsequent events since the year end.

Risk management

The Company's exposure to risk is disclosed in more detail in the financial statements and associated risk notes on pages 34 to 43.

Transactions with connected parties

Regulation 41 (1) of the Central Bank UCITS Regulations states that any transactions carried out with a UCITS by a promoter, manager, depositary, investment adviser and/or associated or group companies of these ("connected parties") must be carried out as if negotiated at arm's length and must be in the best interests of the shareholders.

The Board of Directors of the Manager are satisfied that there are arrangements (evidenced by written procedures) in place to ensure that the obligations set out in Regulation 41(1) of the Central Bank UCITS Regulations are applied to all transactions with connected parties and the Board of Directors is satisfied that transactions with connected parties entered into during the year complied with the obligations set out in this paragraph.

Directors' Compliance Statement

The Directors, in accordance with Section 225(2) of the Companies Act 2014, acknowledge that they are responsible for securing the Company's compliance with certain obligations specified in that section arising from the Companies Act 2014 and Tax laws ('relevant obligations'). The Directors confirm that:

- a compliance policy statement setting out the Company's policies with regard to complying with the relevant obligations under the Companies Act 2014 has been prepared;
- appropriate arrangements and structures that, in their opinion, are designed to secure material compliance with the Company's relevant obligations, have been put in place; and
- a review has been conducted, during the financial year, of the arrangements and structures that have been put in place to secure the Company's compliance with its relevant obligations.

HEDGE INVEST INTERNATIONAL FUNDS plc

DIRECTORS' REPORT (continued)

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE DIRECTORS' REPORT AND THE FINANCIAL STATEMENTS

The Directors are responsible for preparing the Directors' Report and financial statements, in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year which implement Directive 2009/65/EU into Irish Law. Under that law they have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRS) as adopted by the EU and applicable law.

Under company law, the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the Company and of its movement in net assets attributable to shareholders of redeemable participating shares for that year. In preparing the financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations or have no realistic alternative but to do so.

The Directors are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the assets, liabilities, financial position and profit or loss of the Company and enable them to ensure that its financial statements comply with the Companies Act 2014, the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended) and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (as amended). They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company. In this regard, they have entrusted the assets of the Company to a depository for safe keeping. They are responsible for such internal controls as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and to prevent and detect fraud and other irregularities.

The Directors are also responsible for preparing a Directors' Report that complies with the requirements of the Companies Act 2014.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in the Republic of Ireland governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

REPORT OF THE DEPOSITARY TO THE SHAREHOLDERS

We, J.P. Morgan SE - Dublin Branch, appointed Depositary to Hedge Invest International Funds plc (the "Company") provide this report solely in favour of the shareholders of the Company as a body for the year ended 30 June 2023 (the "Accounting Period").

This report is provided in accordance with the UCITS Regulations – European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (S.I. No. 352 of 2011) (as amended) (the "UCITS Regulations"). We do not, in the provision of this report, accept nor assume responsibility for any other purpose or person to whom this report is shown.

In accordance with our Depositary obligation as provided for under the UCITS Regulations, we have enquired into the conduct of the Company for the Accounting Period and we hereby report thereon to the shareholders of the Company as follows;

We are of the opinion that the Company has been managed during the Accounting Period, in all material respects:

(i) in accordance with the limitations imposed on the investment and borrowing powers of the Company by the constitutional documents and by the UCITS Regulations; and

(ii) otherwise in accordance with the provisions of the constitutional document and the UCITS Regulations.

Independent Auditor's Report to the Members of Hedge Invest International Funds PLC

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Hedge Invest International Funds PLC ('the Company') for the year ended 30 June 2023 set out on pages 18 to 73, which comprise the Statement of Financial Position, Statement of Comprehensive Income, Statement of Changes in Net Assets Attributable to Shareholders, Statement of Cash Flows and related notes, including the summary of significant accounting policies set out in note 2.

The financial reporting framework that has been applied in their preparation is Irish Law and International Financial Reporting Standards (IFRS) as adopted by the European Union.

In our opinion:

- the financial statements give a true and fair view of the assets, liabilities and financial position of the Company as at 30 June 2023 and of its increase in net assets attributable to holders of redeemable participating shares for the year then ended;
- the financial statements have been properly prepared in accordance with IFRS as adopted by the European Union; and
- the financial statements have been properly prepared in accordance with the requirements of the Companies Act 2014, the European Communities (Undertakings for Collective Investment in Transferable Securities Regulations) 2011 and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from the date when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Other information

The directors are responsible for the other information presented in the Annual Report together with the financial statements. The other information comprises the information included in the General Information, Background, Investment Manager's report, Directors' report, Report of the Depositary to the Shareholders, Schedules of Investment (unaudited) and Other information (unaudited). The financial statements and our auditor's report thereon do not comprise part of the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except as explicitly stated below, any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work we have not identified material misstatements in the other information.

Based solely on our work on the other information undertaken during the course of the audit, we report that:

- we have not identified material misstatements in the directors' report;
- in our opinion, the information given in the directors' report is consistent with the financial statements; and
- in our opinion, the directors' report has been prepared in accordance with the Companies Act 2014.

Our opinions on other matters prescribed by the Companies Act 2014 are unmodified

We have obtained all the information and explanations which we consider necessary for the purposes of our audit.

In our opinion the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited and the financial statements are in agreement with the accounting records.

Matters on which we are required to report by exception

The Companies Act 2014 requires us to report to you if, in our opinion, the disclosures of directors' remuneration and transactions required by Sections 305 to 312 of the Act are not made. We have nothing to report in this regard.

Respective responsibilities and restrictions on use

Responsibilities of directors for the financial statements

As explained more fully in the directors' responsibilities statement set out on page 13, the directors are responsible for: the preparation of the financial statements including being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor’s responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A fuller description of our responsibilities is provided on IAASA’s website at

<https://iaasa.ie/publications/description-of-the-auditors-responsibilities-for-the-audit-of-the-financial-statements/>.

The purpose of our audit work and to whom we owe our responsibilities

Our report is made solely to the Company’s members, as a body, in accordance with Section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Company’s members those matters we are required to state to them in an auditor’s report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company’s members, as a body, for our audit work, for this report, or for the opinions we have formed.

HEDGE INVEST INTERNATIONAL FUNDS plc

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 30 June 2023

1. Basis of preparation

a) Statement of compliance

The financial statements for the year ended 30 June 2023 have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as adopted by the European Union (“EU”). The financial statements of the Company have been prepared on a going concern basis.

b) Basis of measurement

The financial statements have been prepared on the historical cost basis except for financial assets and financial liabilities at fair value through profit or loss and derivative financial instruments which are measured at fair value.

c) Functional and presentation currency

The financial statements are presented in Euro, which is the functional currency of the Company reflecting the fact that the denomination of the redeemable shares of the Company and all the subscriptions and redemptions of the redeemable shares are denominated in Euro, except CHF DM2 Shares, CHF D Shares, CHF DM Shares, CHF R Shares, CHF Initial Shares, USD I2 Shares, USD R Shares, USD DM2 Shares, USD D Shares, USD DM Shares, USD Initial Shares, GBP DM2 Shares and GBP M Shares which are denominated in Swiss Franc, US Dollar and British Pound respectively. The presentation currency of HI Numen Credit Fund, HI European Market Neutral Fund, HI CIFC Sustainable Global Bond Fund, HI BennBridge EM Absolute Return Fund, and HI Smart Portfolio is Euro.

d) Use of estimates and judgements

The preparation of the financial statements in conformity with IFRS as adopted by the EU requires management to make judgements, estimates and assumptions that affect the application of policies and the reported amounts of assets and liabilities, income and expense. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which forms the basis for making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future period affected.

Information about judgements made in applying accounting policies that have the most significant effects on the amounts recognised in the financial statements is included in note 2(f).

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the year is included in note 16 and relates to the determination of fair value of financial instruments with significant unobservable inputs.

2. Significant accounting policies

a) Interest income and expense recognition

Interest income and expense are recognised in the Statement of Comprehensive Income using the effective interest method.

b) Expenses

Expenses are accounted for on an accruals basis and are charged to the Statement of Comprehensive Income.

c) Cash and cash equivalents

Cash and cash equivalents include cash in hand, demand deposits, other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts are included within liabilities.

HEDGE INVEST INTERNATIONAL FUNDS plc

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the year ended 30 June 2023

2. Significant accounting policies (continued)

d) Transaction costs

Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or financial liability. An incremental cost is one that would not have been incurred if the entity had not acquired, issued or disposed of the financial instrument. When a financial asset or financial liability at fair value through profit or loss is recognised initially, it is measured at its fair value through profit or loss excluding transaction cost. Transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability are expensed immediately in the Statement of Comprehensive Income.

e) Cross holdings within Company

Any Funds which have cross-investments with other Funds within the Company will be disclosed and identified separately within the relevant Fund's schedules of investments.

The total management fees charged to the Company, as well as to each related fund concerned, may not exceed the rate of management fees indicated in note 5(a). No sale of securities and redemption of shares fee shall be charged in the case of a cross-investment within the Company.

Cross holdings are related party transactions and disclosed in note 15.

f) Investments

Classification

The Company classifies all of its investment portfolio as financial assets or liabilities at fair value through profit or loss.

Financial assets at fair value through profit or loss

The Company classifies its investments based on both the Company's business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Company is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The contractual cash flows of the Company's debt securities are solely principal and interest, however, these securities are neither held for the purpose of collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Company's business model's objective. Consequently, all investments are measured at fair value through profit or loss. Derivative contracts that have a positive fair value are presented as assets at fair value through profit or loss.

Financial liabilities at fair value through profit or loss

Derivative contracts that have a negative fair value are presented as liabilities at fair value through profit or loss.

Recognition/derecognition

Purchases and sales of investments are accounted for on the day the trade transaction takes place. Financial assets are derecognised when the rights to receive cash flows from the investments have expired or the risks and rewards of ownership have all been substantially transferred. Financial liabilities are derecognised when the obligation specified in the contract is discharged, cancelled or expires. Realised gains and losses on disposals are calculated using the average cost method and are reflected as net gains/(losses) on financial assets/liabilities at fair value through profit or loss in the Statement of Comprehensive Income.

Measurement

Financial assets and financial liabilities at fair value through profit or loss are initially recognised at fair value. Gains and losses arising from changes in the fair value of the financial assets or financial liabilities are presented in the Statement of Comprehensive Income in the year in which they arise. Transaction costs are expensed in the Statement of Comprehensive Income.

f) Investments (continued)

Fair value estimation

In accordance with IFRS 13 'Fair value measurement', the Company has applied the definition of fair value as set out below and overleaf.

The preparation of financial statements requires the Directors to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities and the reported amount of income and expenses during the period. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of financial assets and liabilities traded in active markets (such as publicly traded derivatives and trading securities) are based on quoted market price at the close of trading on the reporting date. The Company has applied IFRS 13 to utilise the last traded market price for both financial assets and financial liabilities when the last traded price falls within the bid-ask spread.

In circumstances where the last traded price is not within the bid-ask spread, management will decide the point within the bid-ask spread that is most representative of fair value.

Forward currency contracts

A forward currency contract is an agreement between two parties to buy or sell a foreign currency at a future date, at a negotiated rate, the purpose of which is to manage currency risk arising from the Funds' investment activities. The unrealised gain or loss on open forward currency contracts is calculated discounting the contractual cashflows using a market rate. Unrealised gains and losses are included in the Statement of Financial Position. Realised gains or losses are recognised on the maturity of a contract as the difference between the rate that the contract was entered into and the closing spot rate at the settlement date of the contract. Realised gains or losses and changes in unrealised gains or losses are recognised in the Statement of Comprehensive Income.

Futures contracts

A futures contract is a contract, traded on a futures exchange, to buy or sell a certain underlying instrument at a certain date in the future, at a specified price. The changes in value of open futures contracts are recognised as unrealised gains or losses by marking-to-market the value of the contract at the year end date. Changes in the futures contracts' value are settled daily with the exchange by paying or receiving a variation margin amount. When the contract is closed, the difference between the proceeds from (or cost of) the closing transactions and the original transaction is recorded in the net gains/(losses) on financial assets/(liabilities) at fair value through profit or loss in the Statement of Comprehensive Income.

Credit default swaps

A credit default swap is a financial contract whereby one party (the protection buyer) pays a fee in return for a payment by the protection seller contingent on the occurrence of a credit event with respect to a referenced entity.

The upfront payment received by the Fund, as protection seller, is recorded as a liability on the Fund's Statement of Financial Position. An upfront payment made by the Fund, as protection buyer, is recorded as an asset in the Fund's Statement of Financial Position.

Contracts are fair valued daily and the change, if any, is recorded as a net gain/(loss) on financial assets/(liabilities) at fair value through profit or loss.

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the year ended 30 June 2023

2. Significant accounting policies (continued)

f) Investments (continued)

Contracts for difference

A contract for difference (“CFD”) is an agreement between the Fund and a CFD counterparty to pay or receive the change in the value of an underlying security.

At each valuation point, the difference in price between the opening price of the CFD and the market price of the underlying equity is recorded as the fair value (unrealised gain or loss) of the CFD in the Statement of Financial Position.

When the CFD is closed, the difference between the opening price of the CFD and the closing price is recorded within net gains/(losses) on financial assets/liabilities at fair value through profit or loss.

Warrants

Warrants are financial instruments that convey the right, but not the obligation, to buy back the stock of the Company that issued the warrant at a specified price on a future date or series of dates.

Warrants may be passively acquired, for example, as a result of corporate action or may be acquired on the secondary market as an alternative to purchasing the underlying reference securities. The warrants in which the Fund may invest shall primarily be listed/traded on Regulated Markets.

At each valuation point, the Fund values warrants that are traded on an exchange at their last reported sales price which is recorded as the fair value in the Statement of Financial Position. The difference between the acquisition price and the last reported sales price is recorded in the net gains/(losses) on financial assets/(liabilities) at fair value through profit or loss in the Statement of Comprehensive Income.

Exchange traded funds

An Exchange traded fund is an investment fund that is listed/traded on Regulated Markets. An Exchange traded fund is a basket of securities which generally tracks a specific index.

At each valuation point, the Fund values Exchange traded funds at their last reported quoted market price at the close of trading which is recorded as the fair value in the Statement of Financial Position. The difference between the acquisition price and the last reported quoted market price at the close of trading is recorded in the net gains/(losses) on financial assets/(liabilities) at fair value through profit or loss in the Statement of Comprehensive Income.

g) Offsetting

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position when there is a legally enforceable right to set-off the recognized amounts and there is an intention to settle on a net basis, or realise the assets and settle the liability simultaneously. See credit risk at note 3 for further details.

h) Redeemable Shares

Redeemable shares are redeemable in accordance with the provisions of the Company’s Prospectus at the shareholder’s option and are classified as financial liabilities. The redeemable shares can be put back to the Company at any time for cash equal to a proportionate share of the applicable Fund’s Net Asset Value. The redeemable share is carried at the redemption amount that is payable at Statement of Financial Position date if the shareholder exercised its right to put the share back to the Fund.

HEDGE INVEST INTERNATIONAL FUNDS plc

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the year ended 30 June 2023

2. Significant accounting policies (continued)

i) New standards, amendments and interpretations issued but not effective and not early adopted

The following standards are not expected to have a material impact on the Company in the current or future reporting periods or on foreseeable future transactions:

- Amendments to IAS 1 – Classification of liabilities as current or non-current liabilities with covenant (Effective: Beginning on or after 1 January 2024).
- IFRS 17 Insurance Contracts (Effective: Beginning on or after 1 January 2023).
- Deferred Tax related to Assets and Liabilities arising from Single Transactions – Amendments to IAS 12 (Effective: Beginning on or after 1 January 2023).
- Lease liability in a Sale and Leaseback – Amendment to IFRS 16 (Effective: Beginning on or after 1 January 2024).
- Sale or Contribution of Assets between an investor and its Associate or Joint Venture – Amendments to IAS 1 and IFRS Practice Statement 2 – Disclosure of Accounting Policies (Effective: Beginning on or after 1 January 2023).
- Amendments to IAS 8 – Definition of Accounting Estimates (Effective: Beginning on or after 1 January 2023).

3. Financial Instruments and associated risks

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's activities expose it to a variety of financial risks, such as: a. market risk (i) price risk, (ii) currency risk, (iii) interest rate risk, b. liquidity risk and c. credit risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects of the Company's financial performance. The Company may use derivative financial instruments to moderate certain risk exposures.

a) Market risk

(i) Price risk

Price risk arises mainly from uncertainty about the future prices of financial instruments held, it represents the potential loss the Company may suffer through holding market positions in the face of price movements. Where allowable under the investment objective and policy of the Company, the Investment Manager mitigates the risk of excessive exposure to any particular type of security or issuer.

The Funds are exposed to price risk arising from their investments as listed in the Schedule of Investments.

For HI Numen Credit Fund, HI European Market Neutral Fund and HI BennBridge EM Absolute Return Fund, the Investment Manager uses a risk management technique known as absolute value-at-risk ("VaR") to assess the Funds' market risk to seek to ensure that the use of Financial Derivative Instruments ("FDI") by the Funds is within the regulatory limits.

The VaR on the portfolio of HI Numen Credit Fund shall not exceed 4.47% in any one day. The VaR on the portfolio of HI European Market Neutral Fund and HI BennBridge EM Absolute Return Fund shall not exceed 20% in 20 days holding period.

The Investment Manager uses a Monte Carlo model for HI Numen Credit Fund, HI European Market Neutral Fund and HI BennBridge EM Absolute Return Fund generated by Risk Metrics Portfolio Value-at-Risk system. The confidence level of HI Numen Credit Fund shall be 99% and the holding period shall be one trading day. The confidence level of HI European Market Neutral Fund and HI BennBridge EM Absolute Return Fund shall be 99% and the holding period shall be 20 trading days. The historical observation period will not be less than one year, however, a shorter observation period may be used when appropriate.

HI BennBridge EM Absolute Return Fund	0.54	0.60	0.84	0.10	30

¹Level of leverage % is based on the sum of the notionals of the derivatives as at 30 June 2022.

At 30 June 2022, HI CIFC Sustainable Global Bond Fund used the commitment approach.

As at 30 June 2023 and 30 June 2022, HI CIFC Sustainable Global Bond Fund has limited exposure to price risk arising from its investments and therefore a price risk sensitivity analysis has not been presented.

(ii) Currency risk

Foreign currency risk is the risk that the value of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company may invest in securities denominated in currencies other than its reporting currency. Consequently, the Company is exposed to risks that the exchange rate of its reporting currency relative to other currencies may change in a manner which has an adverse effect on the value of the portion of the Company's assets which are denominated in currencies other than its own currency.

The Company invested in forward currency contracts to manage foreign currency risk. The Funds enter into forward currency contracts in order to hedge against foreign currency exchange rate risk of non-EUR denominated classes in HI Numen Credit Fund, HI European Market Neutral Fund, HI CIFC Sustainable Global Bond Fund and HI BennBridge EM Absolute Return Fund. The realised or unrealised gains or losses are allocated to the hedged share classes.

a) Market risk (continued)

(ii) Currency risk (continued)

*HI BennBridge EM Absolute Return Fund was fully redeemed on 23 September 2022.

For HI CIFIC Sustainable Global Bond Fund, the Investment Manager uses the commitment approach.

The below sensitivity analysis explains the effect of changes in the exchange rates on the performance of the Funds that use the commitment approach.

At 30 June 2023 and at 30 June 2022, had the Euro weakened by 5% in relation to all currencies, the net assets attributable to shareholders would have increased/(decreased) as set out in the table below:

Fund Name	30 June 2023 EUR '000	30 June 2022 EUR '000
HI CIFIC Sustainable Global Bond Fund	5	8

A strengthening of the Euro by 5% would have an equal but opposite effect on the financial statements amounts shown, on the basis that all other variables remain constant.

(iii) Interest rate risk

Exposure to interest rate risk arises when the portfolio consists of financial instruments whose value is influenced by changes in interest rates.

The Company is exposed to interest rate risk specifically through its investment in corporate bonds, government bonds and credit default swaps.

The table below outlines the exposure of financial assets at fair value through profit or loss to interest rate risk (excluding derivatives) as at 30 June 2023:

Name of the Fund	Currency	Floating Rate Interest '000	Fixed Rate Interest '000	Non-Interest Bearing '000	Total '000
HI Numen Credit Fund	EUR	17,675	65,772	5,624	89,071
HI European Market Neutral Fund	EUR	–	72,386	–	72,386
HI CIFIC Sustainable Global Bond Fund	EUR	477	6,183	–	6,660

The table below outlines the exposure of financial assets at fair value through profit or loss to interest rate risk (excluding derivatives) as at 30 June 2022:

Name of the Fund	Currency	Floating Rate Interest '000	Fixed Rate Interest '000	Non-Interest Bearing '000	Total '000
HI Numen Credit Fund	EUR	–	79,907	2,751	82,658

HI BennBridge EM Absolute Return Fund	EUR	–	8,430	1,661	10,091

At 30 June 2023 and 30 June 2022, with all other variables held constant, the following table represents the potential increase/(decrease) in net assets attributable to shareholders for Fund using the commitment approach should changes in market interest rates cause the value of the interest bearing securities to (decrease)/increase by the 100 basis points amounts:

b) Liquidity risk

Liquidity risk is the risk that the Company will encounter in realising assets or otherwise raising funds to meet financial commitments.

Where Shareholders redeem their shareholding in the Funds of the Company for an amount which exceeds the amount of cash or other liquid assets immediately available to fund such redemptions, the Funds may, subject to the provision of the Prospectus of the Company, decide to restrict redemption or, seek to liquidate additional assets to fund the redemption.

This may limit or otherwise affect the ability of each Fund to operate or manage investment positions and strategies within its portfolio and restrict or materially affect investment performance and returns. The Funds hold debt securities, equities, warrants, CFDs, credit default swaps, exchange traded funds, forward currency contracts and futures contracts as at 30 June 2023.

c) Credit risk

Credit risk is the risk that an issuer of securities will be unable to pay principal and interest when due or that the value of the security will suffer because investors believe the issuer is less able to pay. The Investment Manager manages credit risk by pursuing a policy of diversification amongst issuers and counterparties and by monitoring the creditworthiness of individual issuers and counterparties in accordance with the investment objective, policies and restrictions applicable to the Funds. The Funds' investments in bonds expose them to the default risk of the bond issuer with regards to interest or principal payments. The Funds' investments in Credit Default Swaps as a seller of protection exposes them to the default risk of the underlying counterparty with regards to interest or principal payments.

Credit ratings of debt securities or credit or reference entities represent the rating agencies' opinions regarding their credit quality and are not a guarantee of future credit performance of such securities. Rating agencies attempt to evaluate the safety of principal and interest payments and do not evaluate the risks of fluctuations in market value. The Depositary does not have a credit rating, however, its parent company J.P.Morgan Chase Bank N.A. has a long-term credit rating of A+.

Transactions involving derivative financial instruments are usually with counterparties with whom the Company has signed International Swaps and Derivatives Association (“ISDA”) agreements. ISDA agreements provide for the net settlement of contracts with the same counterparty in the event of default. The counterparty credit risk associated with derivative financial assets subject to ISDA agreements is eliminated only to the extent that financial liabilities due to the same counterparty will be settled after the assets are realised. The exposure to counterparty credit risk reduced by ISDA agreements may change significantly within a short period of time as a result of transactions subject to the arrangement. The corresponding assets and liabilities have not been offset on the Statement of Financial Position.

The table overleaf is a summary of the Company’s derivatives inclusive of potential netting arrangements. For financial reporting purposes, the Company does not offset financial assets and liabilities that are subject to master netting arrangements or similar agreements in the Statement of Financial Position.

The Investment Manager shall also be entitled to be reimbursed all reasonable, properly vouched out of pocket expenses incurred by the Investment Manager in the performance of his duties and responsibilities under the Investment Management Agreement. The Investment Manager is responsible for the fees of any advisers it utilises. There have been no changes in the Investment management fee rates and the Service fee rates during the year.

The Investment management fees and the Service fees incurred by the Company for the year ended 30 June 2023 and 30 June 2022 are disclosed in the Statement of Comprehensive Income and operating expense of the financial statements. The Investment management fees and the Service fees outstanding at the year ended 30 June 2023 and 30 June 2022 are disclosed in payables of the financial statements. Service fees are included in other payables.

b) Performance fees

HI Numen Credit Fund

The performance fee is equal to 10% (in the case of the EUR I Initial Shares), 15% (in the case of the EUR DM Shares, EUR I Shares, EUR R Shares, and CHF R Shares) of the increase of the Net Asset Value per share of the relevant hurdle share class outstanding in respect of each performance period above the hurdle performance and subject to the high water mark. The Investment Manager is entitled to receive a performance fee in respect of the relevant non-hurdle share class (EUR I2 Shares, EUR D Shares, EUR DM2 Shares, EUR Super-I Shares, USD D Shares, USD DM2 Shares, USD I2 Shares, CHF D Shares, CHF DM2 Shares), equal to 20% of the increase of the Net Asset Value per share of the relevant non-hurdle share class, outstanding in respect of each performance period and subject to the high water mark. There is no performance fee charged to EUR FOF Shares, EUR M Shares, and GBP M Shares.

As the performance fee depends on the performance of the Net Asset Value per share of the class in question, it is not possible to predict the amount of performance fee that will be payable and there is in effect, no maximum performance fee as it is impossible to quantify any outperformance in advance.

HI European Market Neutral Fund

A performance fee in respect of all share classes of the Fund (except EUR FOF Shares) equal to 20% of the increase of the Net Asset Value per Share of the relevant applicable share class outstanding in respect of each performance period subject to a high water mark shall be payable.

b) Performance fees (continued)

HI European Market Neutral Fund (continued)

Performance period refers to each fiscal year ending 30 June. The performance fee shall be calculated and accrued on each dealing day.

As the performance fee depends on the performance of the Net Asset Value per Share of the class in question, it is not possible to predict the amount of performance fee that will be payable and there is in effect, no maximum performance fee as it is impossible to quantify any outperformance in advance.

HI CIFC Sustainable Global Bond Fund

From 9 November 2021, there is no performance fee in respect of the Fund.

HI BennBridge EM Absolute Return Fund

A performance fee in respect of all share classes of the Fund (except EUR FOF Shares) equal to 20% of the increase of the Net Asset Value per Share of the relevant applicable share class outstanding in respect of each performance period subject to a high water mark shall be payable.

As the performance fee depends on the performance of the Net Asset Value per Share of the class in question, it is not possible to predict the amount of performance fee that will be payable and there is in effect, no maximum performance fee as it is impossible to quantify any outperformance in advance.

5. Fees and expenses (continued)

e) Directors' fees

The Directors shall be entitled to a fee and remuneration for their services at a rate to be determined from time to time by the Directors provided that the total amount paid to the Directors in any one financial year may not exceed EUR 175,000, without the approval of the Board. Francesco Rovati and Alessandra Curnis, non-executive Directors, do not receive any remuneration. All Directors will be entitled to reimbursement by the Company of expenses properly incurred in connection with the business of the Company or the discharge of their duties. The Directors' fees paid by the Company amounted to EUR 65,000 for the year ended 30 June 2023 (year ended 30 June 2022: EUR 65,000).

f) Audit fees

The audit fees incurred by the Company amounted to EUR 53,800 for the year ended 30 June 2023 (year ended 30 June 2022: EUR 58,480). Fees relate solely to the audit of the Company. The audit fees paid to KPMG in respect of reimbursement of expenses during the year ended 30 June 2023 was EUR 1,350 (year ended 30 June 2022: EUR 1,600).

KPMG also provided tax advisory services during the year ended 30 June 2023 which amounted to GBP 16,524 (2022: GBP 12,300). There were no other assurance services or other non-audit services provided by KPMG as the auditor of the Company.

g) Manager's fees

The Manager shall be paid a fee out of the assets of the Fund, calculated and accrued on each Dealing Day and payable monthly in arrears, of an amount up to 0.04% of the Net Asset Value of the Fund (plus VAT, if any), subject to a minimum monthly fee up to EUR 4,000 per month (plus VAT, if any) to be prorated across the Funds of the Company proportionate to each Fund's assets under management. The Manager is also entitled to receive out of the assets of the Fund reasonable and properly vouched out of pocket expenses, which will be at normal commercial rates.

The Manager's fees incurred by the Company amounted to EUR 67,896 for the year ended 30 June 2023 (year ended 30 June 2022: 74,539), of which EUR 10,107 was payable for the year ending 30 June 2023 (30 June 2022: EUR 8,205).

h) Establishment expenses

All fees and expenses relating to the establishment of the Funds and the fees of the professional advisers to the Funds (establishment expenses) not exceeding EUR 75,000 for the HI Numen Credit Fund, not exceeding EUR 55,000 for the HI European Market Neutral Fund, HI BennBridge EM Absolute Return Fund and not exceeding EUR 50,000 for the HI CIFC Sustainable Global Bond Fund have been borne by the Funds. Establishment fees are amortised over a 5 year period in the dealing NAV but are written off in the financial statements in the period that they were incurred.

6. Transaction costs

Disclosed in the table below are separately identifiable transaction costs incurred by the Funds for the year ended 30 June 2023 and 30 June 2022. These include brokerage commissions and broker fees on exchange traded futures contracts, options, equities and warrants. Transaction costs on bonds, exchange traded funds, credit default swaps, CFD, exchange traded notes, forward currency contracts and investment funds could not be separately identified. Transaction costs on these are included in the purchase and sales price of the investment and cannot be separately verified or disclosed. Transaction costs on equities and warrants are embedded in the cost of the investment and included in net gains/(losses) on financial assets at fair value through profit or loss within the Statement of Comprehensive Income of each Fund.

12. Taxation

The Company is an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997. Therefore, the Company is not liable to tax in respect of its income and gains other than on the occurrence of a chargeable event.

Generally a chargeable event arises on any distribution, redemption, repurchase, cancellation, transfer of shares or the ending of a "Relevant Period". A "Relevant Period" is an eight year period beginning with the acquisition of the shares by the shareholder and each subsequent period of eight years beginning immediately after the preceding Relevant Period.

A chargeable event does not arise in respect of:

- a shareholder who is not Irish resident and not ordinarily resident in Ireland at the time of the chargeable event, provided the necessary signed statutory declarations are held by the Company;
- certain exempted Irish tax resident investors who have provided the Company with the necessary signed statutory declarations;
- an exchange of shares arising on qualifying amalgamation or reconstruction of the Company with another fund;
- any transaction in relation to shares held in a recognised clearing system as designated by order of the Revenue Commissioners of Ireland;
- certain exchanges of shares between spouses and former spouses on the occasion of judicial separation and/or divorce; or
- an exchange by a shareholder, effected by way of an arm's length bargain where no payment is made to the shareholder of shares in the Company for other shares in the Company.

Capital gains, dividends and interest (if any) received on investments made by the Company may be subject to withholding taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the Company or its shareholders.

In the absence of an appropriate signed declaration, the Company will be liable to Irish tax on the occurrence of a chargeable event, and the Company reserves its right to withhold such taxes from the relevant shareholders.

Withholding tax on dividends and interest received was recorded on an accrual basis and are included in taxation on the accompanying Statement of Comprehensive Income.

13. Share capital

The issued and fully paid redeemable participating share capital is at all times equal to the NAV of the Company. Redeemable participating shares are redeemable at the shareholders' option and are classified as financial liabilities.

The authorised share capital of the Company is two Subscriber Shares of €1 each and 50,000,000,000,000 Shares of no par value.

The Investment Manager and AM Holdings S.p.A, the parent company of the Investment Manager, each hold one subscriber share.

16. Fair value measurement

IFRS 13, 'Fair value measurement', requires the Company to classify fair value measurements using a fair value hierarchy that reflects the significance of inputs used in making the measurements.

The fair value hierarchy has the following levels:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).

Level 3 - Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

The level in the fair value hierarchy, within which the fair value measurement is categorised in its entirety, is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety.

The determination of what constitutes 'observable' requires significant judgement by the Directors. The Directors consider observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following table analyses within the fair value hierarchy the Company's financial assets and liabilities (by class) measured at fair value at 30 June 2023:

The Level 3 securities held by HI Numen Credit Fund are distressed companies for which there are no observable market data. The price of these securities is determined on the basis of independent brokers' quotes selected by the Sub-Investment Manager in conjunction with the Investment Manager and Manager.

The following descriptions present the key unobservable inputs for the valuation of Level 3 instruments for the Fund as at 30 June 2023:

Bond The Level 3 security is a bond related to companies in liquidation status for which there are no observable market data. The price of these securities was determined based on an independent brokers' quotes, selected by the Sub-Investment Manager, appointed as Competent Person by the Manager of the Company, as they are actively involved in the relevant market. The brokers used for the pricing of Level 3 securities are different from the common pricing sources used for Level 1/2 assets. The aggregate weight of the position is 0.13% of the Net Asset Value of the Fund as of end of June 2023.

Warrant The Level 3 security is an unlisted warrant, related to a listed investment company. The price of this security was determined on the basis of an independent brokers' quote, selected by the Sub-Investment Manager, appointed as Competent Person by the Manager of the Company, as it is actively involved in the relevant market. The brokers used for the pricing of Level 3 securities are different from the common pricing sources used for Level 1/2 assets. The weight of the position is 0.25% of the Net Asset Value of the Fund as of end of June 2023.

There were no transfers between levels for financial assets and liabilities which are recorded at fair value as at 30 June 2023.

The Level 3 securities are instruments related to European distressed companies or to Russia for which there are no observable market data. The price of these securities are determined on the basis of independent brokers' quotes selected by the Sub-Investment Manager as they are actively involved in the relevant market or, in the case of the Russian exposures, to independent valuation analysis based on the liquidity and restrictions on the Russian financial market due to the Ukraine-Russia conflict. The Manager can be also involved in the pricing process.

The following descriptions present the key unobservable inputs for the valuation of Level 3 instruments as at 30 June 2022:

Bond The Level 3 security are bonds related to companies in liquidation status for which there are no observable market data. The price of these securities was determined on the basis of an independent brokers' quotes, selected by the Sub-Investment Manager, appointed as Competent Person by the Manager of the Company, as they are actively involved in the relevant market. The brokers used for the pricing of Level 3 securities are different from the common pricing sources used for Level 1/2 assets. The aggregate weight of the positions is 0.13% of the Net Asset Value of the Fund as of end of June 22.

Warrant The Level 3 security is an unlisted warrant, related to a listed investment company. The price of this security was determined on the basis of an independent brokers' quote, selected by the Sub-Investment Manager, appointed as Competent Person by the Manager of the Company, as it is actively involved in the relevant market. The brokers used for the pricing of Level 3 securities are different from the common pricing sources used for Level 1/2 assets. The weight of the position is 0.35% of the Net Asset Value of the Fund as of end of June 22.

17. Efficient portfolio management

The Company may employ investment techniques and instruments for efficient portfolio management of the assets of the Company or of any Fund and for short-term investment purposes under the conditions and limits set out by the Central Bank under the UCITS Regulations, and in the Prospectus.

The Investment Manager of the Company has identified that forward currency contracts may be used for both hedging and efficient portfolio management purposes for HI European Market Neutral Fund. For HI CIFC Sustainable Global Bond Fund and HI Numen Credit Fund, forward currency contracts may be used for investment, hedging or efficient portfolio management purposes. Those foreign exchange contracts entered into for hedging purposes are utilised to reduce foreign exchange risk and all other financial derivative instruments ("FDI") are used for investment purposes.

Transaction costs on the purchase and sale of forward currency contracts are included in the purchase and sale price of the investment. These costs cannot be practically or reliably gathered as they are embedded in the cost of the investment and cannot be separately verified or disclosed. Details of all open forward currency contracts at the year end are disclosed in the Schedule of Investments.

The Company did not enter into any repurchase agreements, reverse repurchase agreements or stock lending during the year.

18. Contingent Liabilities

As at 30 June 2023, the Company did not have any significant commitments or contingent liabilities, other than those disclosed in the financial statements (30 June 2022: EUR Nil).

The Central Bank requires a schedule of material changes in the composition of the portfolio during the financial period. These are defined as aggregate purchases of a security exceeding one per cent of the total value of purchases for the financial period and aggregate disposals greater than one per cent of the total value of sales. At a minimum the largest 20 purchases and 20 sales must be given or all purchases and sales if less than 20. A full listing of the portfolio changes for the financial period is available, upon request, at no cost from the Administrator.

UCITS V Remuneration Disclosure

The European Union Directive 2014/91/EU as implemented in Ireland by S.I. No. 143/2016 - European Union (Undertakings for Collective Investment in Transferable Securities) (as amended) Regulations 2016, requires management companies to establish and apply remuneration policies and practices that promote sound and effective risk management, and do not encourage risk taking which is inconsistent with the risk profile of the UCITS.

To that effect, Carne Global Fund Managers (Ireland) Limited (“the **Manager**”), has implemented a remuneration policy that applies to all UCITS for which the Manager acts as manager (the “**Remuneration Policy**”) and covers all staff whose professional activities have a material impact on the risk profile of the Manager or the UCITS it manages (“**Identified Staff of the Manager**”). The Remuneration Policy also applies to all alternative investment funds for which the Manager acts as alternative investment fund manager. In accordance with the Remuneration Policy, all remuneration paid to Identified Staff of the Manager can be divided into:

- Fixed remuneration (payments or benefits without consideration of any performance criteria); and
- Variable remuneration (additional payments or benefits depending on performance or, in certain cases, other contractual criteria) which is not based on the performance of the UCITS.

The Manager has designated the following persons as Identified Staff of the Manager:

1. The Designated Persons;
2. Each of the Manager’s directors;
3. Head of Compliance;
4. Risk Officer;
5. Head of Anti-Money Laundering and Counter Terrorist Financing Compliance
6. Money Laundering Reporting Officer;
7. Chief Executive Officer;
8. Chief Operating Officer;
9. All members of the investment committee.

The Manager has a business model, policies, and procedures which by their nature do not promote excessive risk taking and take account of the nature, scale, and complexity of the Manager and the UCITS. The Remuneration Policy is designed to discourage risk taking that is inconsistent with the risk profile of the UCITS and the Manager is not incentivised or rewarded for taking excessive risk.

The Manager has determined not to constitute a separate remuneration committee and for remuneration matters to be determined through the Manager’s Compliance and AML Committee, a Committee of the Manager’s Board.

The Manager’s Compliance and AML Committee is responsible for the ongoing implementation of the Manager’s remuneration matters and will assess, oversee, and review the remuneration arrangements of the Manager as well as that of the delegates as relevant, in line with the provisions of the applicable remuneration requirements.

The Manager has a number of directly employed staff. The Manager’s parent company is Carne Global Financial Services Limited (“**Carne**”). In addition, Carne also operates through a shared services organisational model which provides that Carne employs staff and further enters into inter-group agreements with other Carne Group entities within the group to ensure such entities are resourced appropriately. As at 31 December 2022, 10 of the Identified Staff are employed directly by the Manager. The remainder of the Identified Staff are employees of Carne, or employees of another entity within the Carne Group, and are remunerated directly based on their contribution to Carne Group as a whole. In return for the services of each of the Carne Identified Staff, the Manager pays an annual staff recharge to Carne (the “**Staff Recharge**”).

The independent non-executive directors are paid a fixed remuneration. The Other Identified Staff member’s remuneration is linked to their overall individual contribution to the Manager or the Carne Group, with reference to both financial and non-financial criteria and not directly linked to the performance of specific business units or targets reached or the performance of the UCITS.

The aggregate of the total Staff Recharge, remuneration of the directly employed identified staff of the Manager and the remuneration of the independent non-executive directors is EUR 2,502,802 paid to 16 Identified Staff* for the year ended 31 December 2022.

The Manager has also determined that, on the basis of number of funds / net asset value of the UCITS relative to the number of funds / assets under management, the portion of this figure attributable to the UCITS is EUR 10,450.

The Fund does not pay any fixed or variable remuneration to identified staff of the Investment Manager.

*This number represents the number of Identified Staff as at 31 December 2022.

ANNEX IV

Template periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Product name: HI CIFC Sustainable Global Bond Fund

Legal entity identifier: 549300GUWR1D7WDHIS80

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?

Yes

It made **sustainable investments with an environmental objective:** ___%

in economic activities that qualify as environmentally sustainable under the EU Taxonomy

in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

It made **sustainable investments with a social objective:** ___%

No

It **promoted Environmental/Social (E/S) characteristics** and while it did not have as its objective a sustainable investment, it had a proportion of ___% of sustainable investments

with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy

with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy

with a social objective

It promoted E/S characteristics, but **did not make any sustainable investments**

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

Sustainable Finance Disclosure Regulation ("SFDR") and Taxonomy Regulation ("Taxonomy") disclosures (Unaudited) (continued)

To what extent were the environmental and/or social characteristics promoted by this financial product met?

The Fund promotes environmental or social characteristics by targeting investment of at least of 30% of the Net Asset Value of the Fund ("**NAV**") in "green" bonds or sustainability-linked bonds ("**SL bonds**"), or other debt and debt-related securities that promote environmental or social characteristics (or a combination of both) as identified by the International Capital Market Association (the "**ICMA**" and such, bonds together referred to as, "**ESG Bonds**"). By investing in ESG Bonds, the Fund promotes environmental and social characteristics, that may consist of:

- Renewable energy, energy efficiency, green buildings
- Pollution prevention and control
- Environmentally sustainable management of living natural resources and land use
- Clean transportation
- Sustainable water and wastewater management
- Terrestrial and aquatic biodiversity conservation
- Climate change adaptation
- Eco-efficient and/or circular economy
- adapted products, production technologies and processes
- Public health
- Education, training, skill development
- Financial inclusion
- Employment
- Food agriculture
- Infrastructure services for disadvantaged groups
- Vulnerability reduction for underserved populations
- Diversity oriented activities

ESG bonds are typically labeled as such based on the use of their proceeds. Third-party firms identifying and labeling bonds as ESG Bonds are not measuring the attainment of environmental or social characteristics.

In addition, the Sub-Investment Manager is a signatory and advocate of the United Nations Supported Principles for Responsible Investment.

As of 30 June 2023, ESG Bonds held by the Fund comprised 31.4% of NAV. All of such ESG Bonds were labeled and therefore comply with the ICMA principles.

● **How did the sustainability indicators perform?**

As of 30 June 2023, ESG Bonds held by the Fund comprised 31.4% of NAV.

● **...and compared to previous periods?**

No comparison to previous periods is shown as the Annex IV Template periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 only entered into scope on 1 January 2023.

Sustainability indicators measure how the environmental or social characteristics promoted by the financial product are attained.

Sustainable Finance Disclosure Regulation ("SFDR") and Taxonomy Regulation ("Taxonomy") disclosures (Unaudited) (continued)

- ***What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?***

This is not applicable for the Fund, as set out in the Annex II Template pre-contractual disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 attached to the Supplement.

- ***How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?***

This is not applicable for the Fund, as set out in the Annex II Template pre-contractual disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 attached to the Supplement.

The EU Taxonomy sets out a "do not significant harm" principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific Union criteria.

The "do no significant harm" principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

How were the indicators for adverse impacts on sustainability factors taken into account?

This is not applicable for the Fund, as set out in the Annex II Template pre-contractual disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 attached to the Supplement.

- ***Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:***

This is not applicable for the Fund, as set out in the Annex II Template pre-contractual disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 attached to the Supplement.

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

What was the proportion of sustainability-related investments?

30 June 2023	% Asset
Green Bonds	19.8%
Sustainability-linked Bonds	8.6%
Social Bonds	1.4%
Sustainability Bonds	1.5%
Total	31.4%

What was the asset allocation?

which economic sectors were the investments made?

As of 30 June 2023, ESG Bond investments of the Fund were 31.4% of NAV. The Fund does not intend to make sustainable investments at this time. The remaining investments in the Fund are used to attain the investment objective of generating long-term risk-adjusted returns (and for liquidity and hedging purposes).

To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?

The Fund did not make sustainable investments with an environmental objective during the period.

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to fully renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective

Transitional activities are economic activities for which low-carbon alternatives are not yet available and that have greenhouse gas emission levels corresponding to the best performance.

OTHER INFORMATION (UNAUDITED)

Sustainable Finance Disclosure Regulation ("SFDR") and Taxonomy Regulation ("Taxonomy") disclosures (Unaudited) (continued)

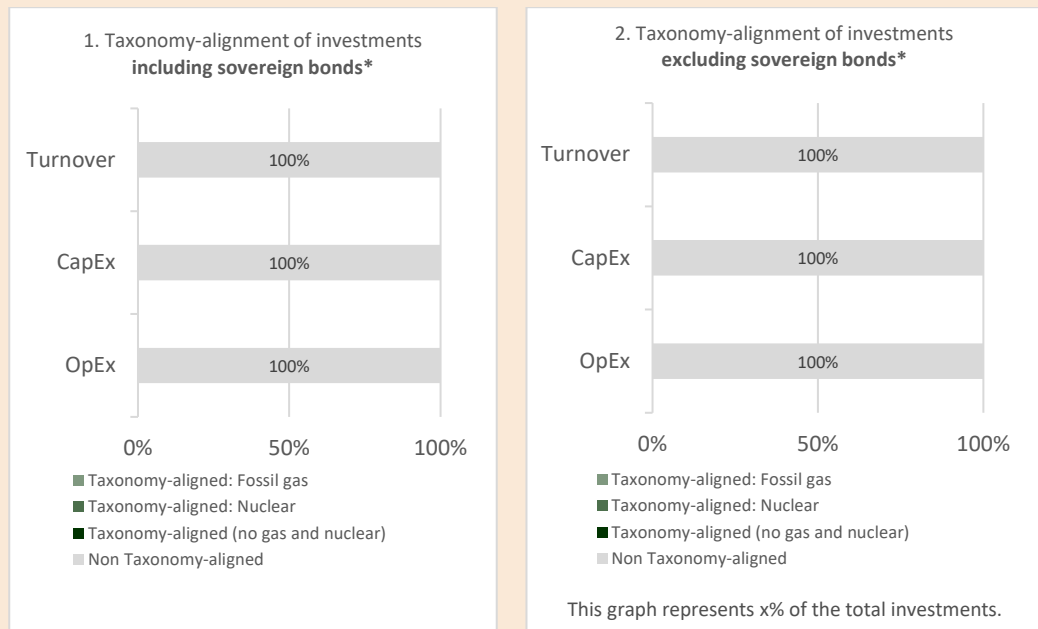

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies.
- **capital expenditure** (CapEx) showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure** (OpEx) reflecting green operational activities of investee companies.

● Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy¹?

- Yes:
 - In fossil gas
 - In nuclear energy
- No

The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.

* For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures.

● What was the share of investments made in transitional and enabling activities?

This is not applicable for the Fund, as set out in the Annex II Template pre-contractual disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 attached to the Supplement.

¹ Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change ("climate change mitigation") and do not significantly harm any EU Taxonomy objective - see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

- ***How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?***

This is not applicable for the Fund, as set out in the Annex II Template pre-contractual disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 attached to the Supplement.

What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?

This is not applicable for the Fund, as set out in the Annex II Template pre-contractual disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852 attached to the Supplement.

What was the share of socially sustainable investments?

There were no sustainable investments with a social objective as of 30 June 2023.

What investments were included under "other", what was their purpose and were there any minimum environmental or social safeguards?

The remaining investments in the Fund were non-ESG Bonds, used to attain the investment objective of generating long-term risk-adjusted returns. They were also used for liquidity and FX hedging purposes. There were no minimum environmental or social safeguards.

With regards the non-ESG Bonds, the Sub Investment Manger applies a sector exclusion strategy which excludes investee companies with primary industry classifications to aerospace and defense, airlines, coal, precious metals, energy (excluding green and renewable), gambling, mining, and tobacco industries unless they are ESG Bonds.

As of 30 June 2023, the Fund had no such investments.

Finally, as a signatory to the UN Principles for Responsible Investment, the Sub-Investment Manager assesses the good governance practices of investee companies, relying upon data provided by a third-party (such as RepRisk), prior to making an investment and periodically thereafter. The RepRisk data includes matters such as: executive compensation issues, misleading communication, fraud, tax evasion, tax optimization, anti-competitive practices and corruption, bribery, extortion or money laundering matters.

Taxonomy art 6 disclosure - Transparency of financial products that promote environmental characteristics in pre-contractual disclosures and in periodic reports

Taxonomy Regulation establishes criteria for determining whether an economic activity qualifies as environmentally sustainable in the context of six particular environmental objectives.

The Fund at this time makes a minimum commitment of 0% in environmentally sustainable investments. However, notwithstanding that the Fund does not at this time commit to making environmentally sustainable investments within the meaning of the Taxonomy Regulation, it is possible that the Fund had exposure to such investments.
